

Environmental Policy

COMDAIN INFRASTRUCTURE IS COMMITTED TO PROTECTING THE ENVIRONMENT

We strive for continued improvement in the way we interact with and impact on the environment.

To achieve this we will:

- Comply with all relevant environmental legislation and regulations and other initiatives to which we subscribe.
- Implement strategies to achieve our environment goals and objectives as set out in our Strategic Plan.
- Ensure, as far as reasonably practicable, that all materials are used and applied in an environmentally friendly manner according to the manufacturer's specifications.
- Dispose of all waste in an environmentally sustainable manner.
- Ensure that where appropriate the public are fully informed of our environmental policy.
- Ensure that all employees are aware of government regulations and company procedures regarding the use and disposal of waste.
- Commit to an ongoing training program for all employees.
- Investigate all environmental incidents which do not comply with company policy or statutory requirements and implement preventative actions to minimise the risk or occurrence.
- Schedule and conduct a regular compliance audit program to ensure compliance with company and regulatory requirements.
- Actively consult with our employees / contractors and stakeholders to continually improve our environmental management processes and practices.
- Maintain a comprehensive and up to date Environmental Management System to ISO 14001:2004.
