

Environmental Policy

COMDAIN INFRASTRUCTURE IS COMMITTED TO ENVIRONMENTALLY SUSTAINABLE OUTCOMES

We strive for continued improvement in the way we interact with and impact on the environment.

LEADERSHIP

We will:

- Provide leadership and direction to drive accountability for our Environmental performance.
- Pursue environmentally sustainable outcomes.
- Empower employees and contractors to take the lead on environmental initiatives.
- Deliver projects with future generations in mind.

RISK MANAGEMENT

We will:

- Identify and proactively manage environmental risks.
- Obtain an agreed approach to the control of workplace aspects and impacts to minimize our environmental footprint.
- Provide the necessary resources, training, supervision and specialist support for our people and contractors to perform their roles.

SYSTEMS

We will:

- Comply with and where practicable exceed relevant legislative and other requirements applicable to our works.
- Maintain our Comdain Management System (CMS) to conform to *ISO14001*.

IMPROVEMENT

We will:

- Establish and review measurable Environmental objectives and targets that promote continuous improvement in our Environmental performance.
- Undertake regular inspections and audits to monitor and evaluate our Environmental performance, and ensure our systems remain current and relevant.
- Engage with our clients and other stakeholders to produce mutually beneficial and sustainable outcomes.
